

SmartLube

Compact automatic lubricator

Automatic lubrication that eliminates recurring manual greasing. Magnetic 125 ml cartridge, with a service life of two to three years.

125 ml

STANDARD CAPACITY

2-3 years

SERVICE LIFE

CONVERTING EQUIPMENT

Compact automatic lubricator

HOW IT WORKS

It greases itself, without stopping the press

It is mounted on the station and doses the lubricant continuously, so levels always stay right and recurring manual greasing disappears.

ADVANTAGES

Less maintenance, longer service life

01

Grease or oil

It takes lubricants in both grease and oil form.

02

Compact

Standard 125 ml, Ø52 × 100 mm. Special sizes on request.

03

Easy mounting

Compatible with any die-cutting station and quick to install thanks to the magnet.

04

Long service life

Two to three years. Depending on use, it may need additional refills.

NEXT STEP

How often do you grease by hand each month?

Tell us which station you have and which lubricant you use. We will confirm the model, the tube length and the lead time.
